

Annual Report

Fiscal Year 2019

July 1, 2018 – June 30, 2019

Office for Advancement
& Alumni Relations
and
New Mexico Tech
Foundation

A MESSAGE FROM THE DIRECTOR

Greetings Techies,

It is my pleasure to share with you all that happened during 2019 in the NMT Office for Advancement and at the New Mexico Tech Foundation. It was a busy year with a drastic increase in alumni events, alumni receptions, and in overall outreach activities.

49ers was better attended than any in the past decade and we are planning for the future and how best our office, in tandem with our alumni, can keep NMT advancing.

This is the second annual report we have published providing transparency into our activities, especially fundraising. You can see the sources of our philanthropic support as well as the causes supported. If you ever have questions feel free to email me at colleen.foster@nmt.edu or call me at 575-835-5352. I'm also available if you'd like to discuss ways you can become involved in New Mexico Tech's plans for the future.

Thank you for representing NMT so well, and thank you for all you do for the students, faculty, and research.

Looking forward to what 2020 brings,

Colleen Foster
Director of Advancement

WHY GIVE?

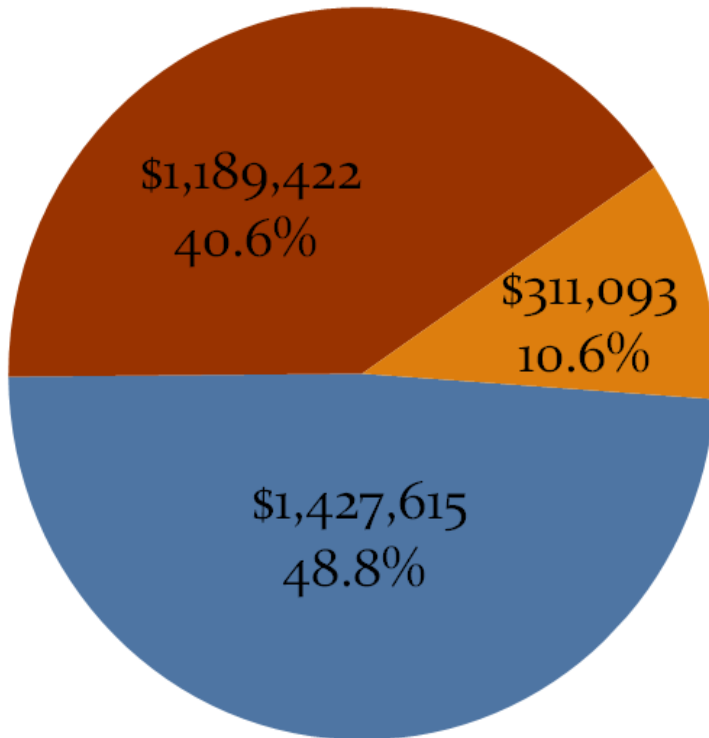

New Mexico Tech's constituents (alumni, donors, corporations, foundations, and friends of the university) play a crucial role in helping Tech keep pace with the many challenges facing higher education as well as maintaining our world-renowned reputation in graduating well-prepared scientists and engineers.

Every gift is important; every effort has an impact. You are a vital part of New Mexico Tech's ongoing success.

FY 2019 Donation Sources

\$2,928,129.39

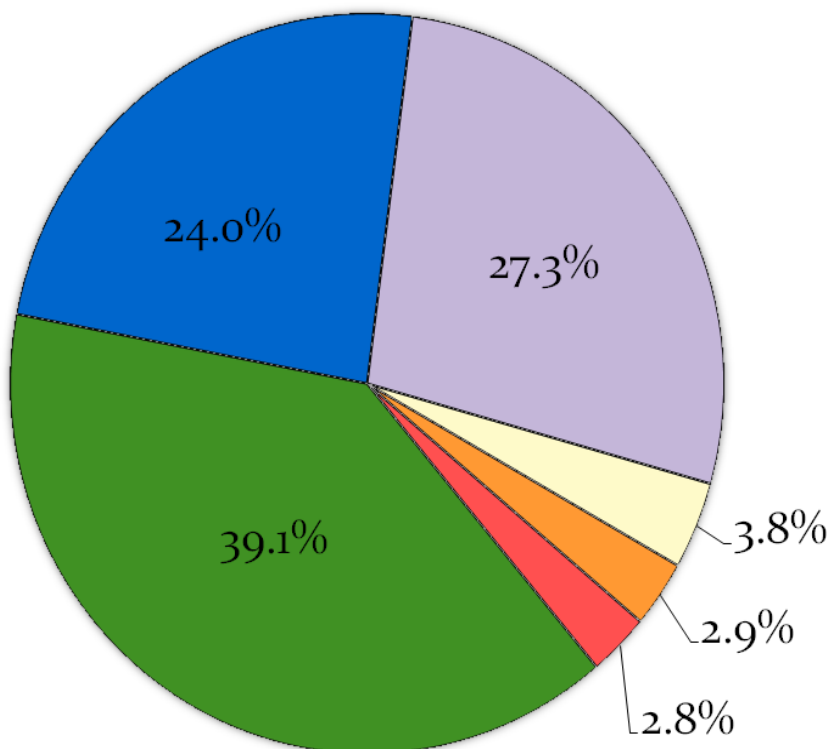

- Individuals*
- Foundations
- Corporations /Businesses

**Alumni, Donors, and NMT Employees*

FY 2019 Donation Categories

New Mexico Tech Student Funding

Undergraduate Financial Aid 2018-2019

* Includes those funded in part by NMT Advancement & NMT Foundation

Giving Options

- Annual Giving Fund (unrestricted giving)
- Department Gifts
- Endowed Scholarships
- Endowed Professorships / Chairs
- Planned Giving
- Special Gifts (comprehensive campaigns, student clubs, etc.)

To donate online, go to <http://www.nmt.edu> and click on GIVE (top right)

For more information or to donate by check, please contact the NMT Office for Advancement at 575-835-5352 or advancement@nmt.edu.

Giving to Tech

Why I Give: A Donor's Perspective

Brian Luginbill,
Excellence in Energy scholarship
(B.S. Petroleum Engineering, 1979)

I believe it is important to help other people and encourage them in whatever way we can. This includes actively supporting the education and dreams of the generations that come after us. Doing so extends the chain of generosity and humanity that brought us here and will continue after we are gone.

There are many ways one can give. When our financial resources allowed us to consider establishing an endowed scholarship at New Mexico Tech, my wife and I decided it was an opportunity to make a positive impact on the lives of those who might need it.

I have fond memories of my undergraduate years at Tech. The friends I made, the professors who

influenced me, and the knowledge I received helped shape me into the person I am today. Through the endowed scholarship, I hope to pay forward the positive life experiences given to me by New Mexico Tech, and give others the chance to have the same inspirations, opportunities, and education by being able to focus on their studies and careers rather than their financial needs.

Brian Luginbill mineral collecting – with permission - at the Desert Rose mine in Socorro County in 2012

Where Giving Goes: A Student's Perspective

Carmin Vazquez
Excellence in Energy scholarship recipient
Petroleum & Natural Gas Engineering

I am so thankful to receive the Excellence in Energy scholarship because I am working hard to get an education to help my family and to ensure that my kids will go to college when they grow up.

Growing up in a single mother environment did not give me the opportunity to increase my education. I decided to immigrate at 16 years old, by myself, in order to better myself. From working night shifts and scrubbing floors to becoming the general manager of a restaurant showed me that I am capable of accomplishing anything in life, so I decided to pursue an education. The path has not been easy because I am a mother of four and I have to work and go to school at the same time, but I know I will be able to get my engineering degree.

Carmin Vazquez, a 2020 recipient of the Excellence in Energy scholarship

Deep inside I know that I'm going to succeed and help many other people on the way; it's just a matter of time. Receiving this scholarship is very important to me because I am dedicated to my education and it is my biggest goal to be the first in the family to receive a college degree. Not only am I furthering my education, but I am also going to change the lives of those around me.
