

From the Office of the President

May 12, 2017

Greetings campus community,

We say goodbye to our graduating students tomorrow and wish them the best as they leave us to either follow professional opportunities, pursue graduate studies, or chase a life-long dream. We hope they will return upon occasion to visit Tech, fondly remembering the time they spent here with colleagues, faculty and staff.

My first year here at New Mexico Tech, serving as its 17th president, has been as rewarding to me as I had imagined. This year was filled with daily discoveries of the creativity and innovative ideas that come from our faculty and students, with daily observations of the endeavors of our dedicated and hardworking staff, and with numerous opportunities to visit with alumni who remain devoted to and supportive of New Mexico Tech. I want to thank all of you who made my first year a warm and successful one.

I hope that all of you have a great summer, whether it is researching, relaxing, or reconnecting. I look forward to greeting our returning and new students next August.

Best regards,
Steve
